Combination Pliers

Page.8

02 07 225

- > 35% saving in power due to improved lever action compared with conventional pliers
- > insulated Δ 1000 V VDE-tested, plastic dipped handles

Linesman Pliers Standard & VDE available

Page.9

09 01 240
09 02 240
09 08 240

- > requires 40% less effort compared with conventional combination pliers; additional gripping zone below the articulated joint for powerful leverage and pressing performance

Electronics Precision Pliers

Page.20

34 12 130
34 22 130
34 32 130

- > for ultra fine assembly work; for gripping, holding and bending
- > joint with screw: precise, zero-backlash operation of pliers
- > 20% lower in weight

Internal Circlip Pliers Angled 45°

Page.28

44 31 J02
44 31 J12 44 31 J32
44 31 J22 44 31 J42

- > new angled tips for unhindered view in confined areas
- > for fitting internal circlips in bore holes from 8 - 400 mm dia.
- > non-slip, solid tips

External Circlip Pliers Angled 45°

Page.29

46 31 A02
46 31 A12 46 31 A32
46 31 A22 46 31 A42

- > new angled tips for unhindered view in confined areas
- > for fitting external circlips on shaft from 3 - 400 mm dia.
- > non-slip, solid tips

High Leverage Concretors Nippers

Page.33

99 14 300

- > to twist and cut thicker wire in one operation
- > very slim shape
- > high cutting capacity with minimum effort
- > special tool steel, oil-hardened & tempered

Electronics End Cutting Nippers

Page.35 & 36

64 62 120 ESD

- > precision pliers for ultra fine cutting work
- > low-friction double spring for gentle and even opening
- > cutting edge hardness at least 56 HRC

Cobolt® Compact Bolt Cutters angled head

Page.37

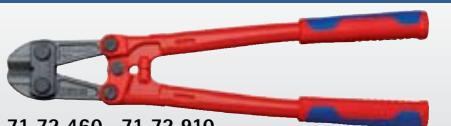

71 21 200 71 41 200
71 22 200

- > 20% angled head for flush cutting
- > exceptional cutting with minimum effort because of unsurpassedly effective lever action design

Bolt Cutters & Concrete Mesh Cutters

Page.38

71 72 460 71 72 910
71 72 610 71 82 950
71 72 760

- > precision blades for high cutting performance
- > forged on stopper
- > good access due to flat head and articulation
- > replaceable head available

Diagonal Cutters with Spring Action

Page.41

74 12 160
74 12 180

- > with forged-on axle for heaviest duty
- > high cutting performance with minimum effort
- > suitable for all types of wire including piano wire

What's New... in the latest KNIPEX catalogue?

Electronics Diagonal Cutters, slim pattern Page.42

75 52 125

- › precision pliers for ultra fine cutting work
- › with precision cutting edges for soft and hard wire, also suitable for thin piano wire
- › low-friction double spring for gentle and even opening

Electronics Super-Knips® Page.44

78 81 125
78 91 125

- › precision pliers for ultra fine cutting work
- › precision-ground cutting edges with small bevel for hard wire
- › extremely smooth movement for minimum operator fatigue

Smart Grip™, Water Pump plier with automatic adjustment Page.47

85 01 250

- › ideal for frequent changeover to workpieces of different size
- › one hand operation
- › slim dimensions - good access to the workpiece
- › self-locking on pipes and nuts
- › guard prevents pinched fingers

Plier Wrench, Plier and Wrench in a single tool Page.48

86 07 250

- › excellent for gripping, holding, pressing and bending
- › insulated Δ 1000 V VDE-tested, plastic dipped handles hard wire
- › parallel smooth jaws
- › push-button adjustment

Knipex Cobra®, The HiTech Water Pump Pliers - Mini Sizes Page.50

87 01 125
87 01 150

- › new mini sizes for fine mechanical applications
- › same functions as the larger Cobra® with improved accessibility in confined areas
- › superfast adjustment directly on the workpiece

Knipex Cobra® ES, The Extra Slim Water Pump Pliers Page.52

87 51 250

- › slim head design is great for those tight spots and no decrease in the gripping force
- › long, narrow jaws
- › self-locking on pipes and nuts
- › guard prevents operators hands being pinched

Knipex Alligator®, Water Pump Pliers Page.53

88 05 300
88 07 250 (Δ 1000 V)

- › available in comfort grip or with insulated handles
- › 30% more cutting capacity
- › self-locking on pipes and nuts
- › no slippage on the workpiece

Hose and Pipe Cutters Page.54

90 20 185

- › for cutting thin walled plastic pipes and flexible hoses
- › exchangeable blade
- › opening spring and locking lever
- › straight and clean cut without deformation

Crimping Pliers for End Sleeves (ferrules) Page.65

97 71 180

- › crimping in nine marked half-round dies with conical side faces for secure connections between sleeve and conductor

Insulating Flat Nose Pliers Page.77

98 62 200

- › especially for meter assembly and meter blocking
- › fully insulated to avoid short circuits Δ 1000 V
- › fiberglass reinforced plastics
- › tested according to DIN EN 60900: 1997

Assembly Pack Page.80

00 20 115

- › a combination of four popular Knipex part numbers
- › contents
 - › Knipex Cobra®
 - › High Leverage Diagonal Cutters
 - › High Leverage Combination Pliers

Pen-Style Control Cabinet Key Page.77

00 11 17

- › easy to transport with fastening clip and voltage tester
- › for technical installations in buildings, e.g air conditioning and ventilation systems, shut-off valves, main switch-boards etc.

Special Foam Sets Page.79

00 20 01 V01 00 20 01 V03
00 20 01 V02 00 20 01 V04

- › for workbench and mobile workshop: with recesses for holding the pliers
- › clearly organised storage of tools
- › four sets available
 - › Plier & Cutting Nipper Set
 - › Precision Circlip Plier Set
 - › Plier & Spanner Set
 - › Circlip Plier Set
